

Good Turnout For Livestock Health Seminar

By Zachary L. Butler

First of all, my name is Zachary L. Butler and I am the Western Oklahoma State Regional Technical Specialist for the Intertribal Agriculture Council.

I would like to thank all of you who attended the Livestock Health Seminar that was held at the Sac & Fox Tribal community building and rodeo arena on August 13, 2011.

There was a great turnout and I feel that everyone in attendance walked away with helpful information about government agency programs, as well as helpful information that dealt with issues with livestock.

We not only had tribal and native people attend, but people from the local farming and ranching community.

The Government agencies who were in attendance were the Natural Resource Conservation Service (NRCS), Farm Service Agency (FSA), Rural Development (RD), National Agricultural Statistics Service (NASS), and Animal and Plant Health Inspection Service (APHIS). We also had representatives from Langston University.

We had a representative from a local foundation, Greener Pastures Horse rescue. This local horse rescue is a foundation that helps with the rescue and rehabilitation of horses. Once these horses are brought back

to health, then the animals are able to foster or adopt out to those who wish to take care of the horses.

The lunch was provided and had several door prizes to give to the attendees.

I would like to take this opportunity to thank all those who donated an item, or items, for the door prizes.

We had door prizes from several departments of the Sac & Fox Nation, Ahrberg Milling, Lincoln County Farm Center, Stroud Feeds, Mid America Stockyards, and Grissoms John Deere.

I would also like to thank those who were able to bring their livestock for the seminar. The seminar would not have been such a success if not for those who provided the animals for the live demonstration.

So in conclusion, I again want to thank those who attended and for those who were unable to attend, this will not be your only chance. I plan on having more of these types of seminars to help all of our native and local farmers, ranchers, and land owners.

If you have any questions or concerns please feel free to contact me at zbutter@indianaglink.com or call me at 405-747-7665 and I will do my best to answer your questions, or I can get you in contact with a person who can help you with your question.
